

## Radio Script for Cannabis in Our Communities: A Focus on Inuit Youth and Maternal Health and Well-being

## **Instructions:**

Thank you for helping to promote the cannabis conversations in your community. We have developed an English radio script with the key messages that we feel will help to recruit people in your community for the interviews. We would appreciate you translating the script into the language and dialect that is best for your community. Please arrange to announce this on your community radio between September 11 and October 16, 2020.

## **Script:**

Hello and good morning everyone!

You probably know that cannabis is common in Inuit communities and yet there are few educational resources aimed at Inuit. Pauktuutit wants to hear from you if you are:

- A new or expecting parent who is 18 or older, or
- Anyone 18-29

We will talk with you by confidential and private interviews. Translators can be arranged.

You will be given a \$50 VISA gift card for your time, if you are one of the first 6 participants.

If you are interested, please message on Facebook to @pauktuutit, email Crystal at <a href="mailto:crystal@okpikconsulting.ca">crystal@okpikconsulting.ca</a> or phone or text Crystal at 1-613-504-2129.

Please feel free to let others in the community know about the opportunity.

Thank you
